My dear Cooke

If you should happen to be in London on Monday next, might I ask you to vote at the Athenaeum for my good friend Stuart Rendel. who is a thorough gentleman & a most eligible person in every respect. If you

DSI

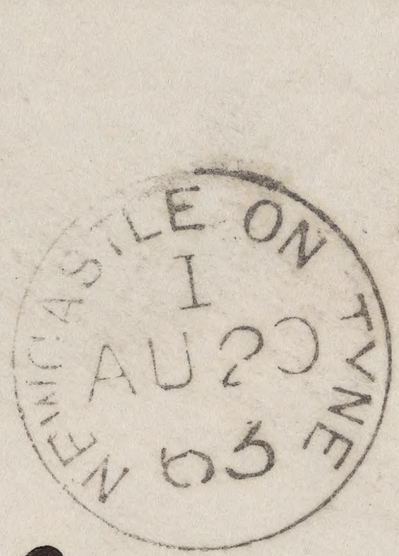
should not be there
seriously perhaps you
could exercise a little
influence in his favour
amongst your friends

I bought you
beautiful picture yesterday
safely to this place
& I trust when you
come you will see
it in flourishing
condition. Pray remember

me very kindly to your
mother & sisters & believe
me

very truly yours
W. S. Armstrong

I am London before
Monday perhaps you
would consider seriously
applicants agreement
with Kendal to sign his
letter



Mr. W. G. Simpson
59. Eldon Sct.
